

technical data

PRESSIONI DI UTILIZZO			FLOW RATE RANGE		
Pressione minima	0,5	bar	7,25	psi	Minimum pressure
Pressione massima	5,0	bar	72,5	psi	Maximum Pressure
Pressione minima consigliata	1,0	bar	14,5	psi	Minimum pressure suggested
Pressione massima consigliata	3,0	bar	43,5	psi	Maximum pressure suggested
Temperature di utilizzo raccomandate	15-65° C		59-149° F		Recommended temperatures range
Differenziale termico consigliato	50° C		122° F		Suggested temperature differential

MATERIALI	OTTONE-BRASS	MATERIALS
Corpo e valvola	OTTONE-BRASS	<i>Body and head</i>
Molle	AISI302	<i>Springs</i>
Guarnizioni	EPDM	<i>O-Ring</i>
Asta e vite	CW617N	<i>Rod and screw</i>
Elemento sensibile	EPDM	<i>Sensitive element</i>
CuZn36Pb2As		
Filtri	AISI304L	<i>Filters</i>
Seeger	CuSn6	<i>Seeger</i>

Dimensioni in mm. - Dimensions in mm.

The logo for AERRE PLAST features the word "AERRE" in large, bold, blue capital letters above the word "PLAST" in a smaller, grey, sans-serif font. To the left of the text is a blue diamond-shaped icon containing a stylized white letter "R".
